INTRODUCTION

Introducing 2 days Intensive Course session for interested candidates for Construction Project Manager and Site Supervisor who wish to be Certified under CIDB Act 520. (Method I of Accreditation) Course Category: Continuous Professional Development + Competency Based.

The intensive class is designed to summarize the Construction Management Theory and Practice as a preparation for CCPM and CSS Candidates in preparing them to excel in the assessment Method I. Both CSS and CCPM candidates will undergo the same exposure with specific LPs that related to the subject matter. At the end of the course, all candidates will be assessing through Method I (1 hour assessment-Knowledge Assessment, KA or/and Performance Assessment, PA) to qualify them becoming CIDB Certified CSS or CCPM.

This course also targeted candidates who been assessed through Method III (Interview) but requested by Interviewer Panel to complete the competency training requirement through Method I to fully qualified as CSS or CCPM under CIDB Act 520.

WHO SHOULD ATTEND?

- ✓ Construction Project Manager, Project Director, Architect, Project Engineer, Senior Engineer, Quantity Surveyor, Construction Manager, Site Supervisor, Inspector of Work (IOW), Technical Assistant (TA), Engineers and related construction personnel from Main Contractor, Sub-Contractor, Developer, Consultant, PMC who wish to establish your career path.

COURSE OBJECTIVE

PROVIDE

To provide a training platform for participants who choose Method I (Training and Assessment) to be certified

CATER

To cater candidates who been assessed through Method III (Interview) but requested by Interviewer Panel to complete the competency training requirement through Method I

TRAIN

To reconcile knowledge and understanding of construction supervision and management processes to fit the requirement of the competency standards
